The most precise and efficient air conditioner available.

EFFICIENCY

25.80 SEER2 sets a new bar.

63% saved per year compared to lower SEER systems*

What is SEER?

Seasonal Energy Efficiency Ratio is the standard by which all AC units are measured.

Recognized as the Most Efficient of ENERGY STAR® in 2023

PRECISE CONTROL

Precision Makes Perfect

Precise Comfort® technology finely-tunes and adjusts cooling output in tiny increments, perfectly matching your energy use with your comfort, making it the highest-efficiency, variable-capacity air conditioner available.

VARIABLE CAPACITY / SL28XCV

Unit runs at low most of the time, using only the amount of energy needed to meet comfort need.

72°/50%
(Temperature/Humidity)

SINGLE STAGE CAPACITY / OTHER AC UNITS

Unit is either on or off, creating wide temperature swings.

72°/50%

COMMUNICATING

Smarter together.

Unlock a world of connectivity by pairing this unit with the Lennox S40 Smart Thermostat. It's the command center for a fully communicating home comfort system, with the incredible ability to monitor sensors throughout your home and in all your equipment. From detecting air pollutants and customizing comfort by room to providing maintenance and service reminders, it will even automatically alert you if your system goes out of tune and allow you to remotely share diagnostics with your local Lennox dealer.
